They're Here

"James have you heard the latest?" "No! What?"

"Everybody's talking about them." "What?" "They're all over Libbey!" "What?" "The computers of course!"

Libbey has indeed entered the high tech era. Computers are everywhere. If you peek in the guidance counselors' office, you're likely to see someone at the IBM computer doing scheduling, or updating grades. The guidance area has been utilizing computers for about eight years.

The business department has been using computers for some time. This is the fourth year that they are being used in the Data Accounting programs. The Executive Secretary and COE programs are using them for the first time this year. The students in the business department use the Radio Shack TRS 80 computers for reviewing the typing keyboard, word processing, and accounting applications. An Introduction to Microcomputers course is also taught where students have hands-on experience on the computers.

Taking a look in the Math lab you'll see the Math teachers working on Apple 2E computers. They have utilized them for about a year to assist them in their recordkeeping.

IBM computers are used in the publication of the school newspaper, the **Crystal**. This is the first year that the newspaper staff has had equipment available to assist in editing and justifying margins.

As you pass the field house you may see students waiting for a teacher so they can go into the computer lab. This area is available to all students through their teachers. The teachers may select lessons appropriate to their subject area; and, with the assistance of Mr. Paul Czerwinski the computer lab teacher, the Control Data computers make it possible for all students to have experience with computers.

Last year a pilot course called

Tonya Rodriguez, Mr. McKee and Lisa Klostermeier prepare the **Crystal**.

Dee Dee Johns and Willie Besancon.

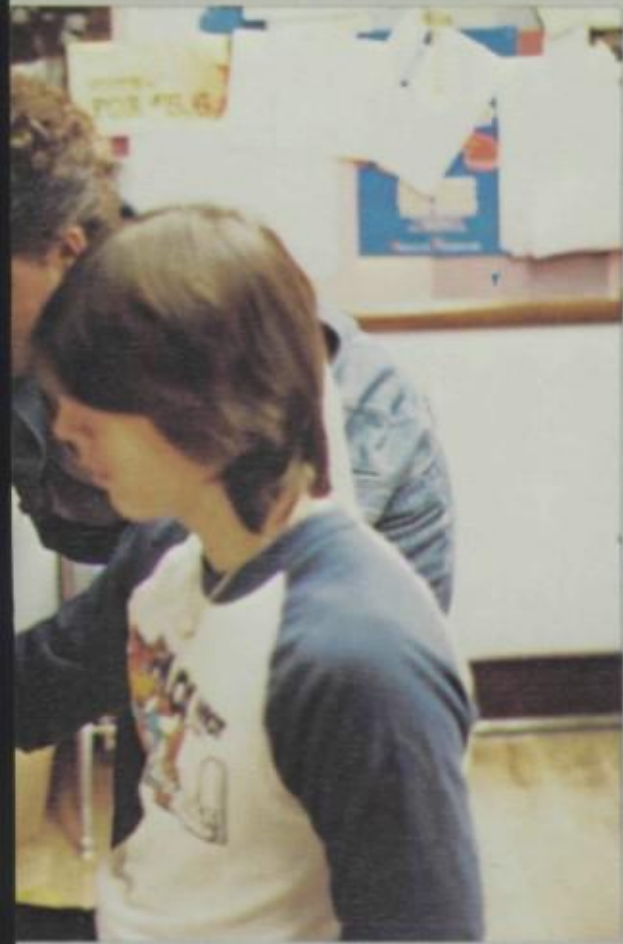

Mr. Bryan Reamsnyder and Mrs. Bremer enter student data.

Applied Economics was offered at Libbey. With the introduction of this Junior Achievement program came an Apple computer. The students in this course get the opportunity to use the computer for economic applications.

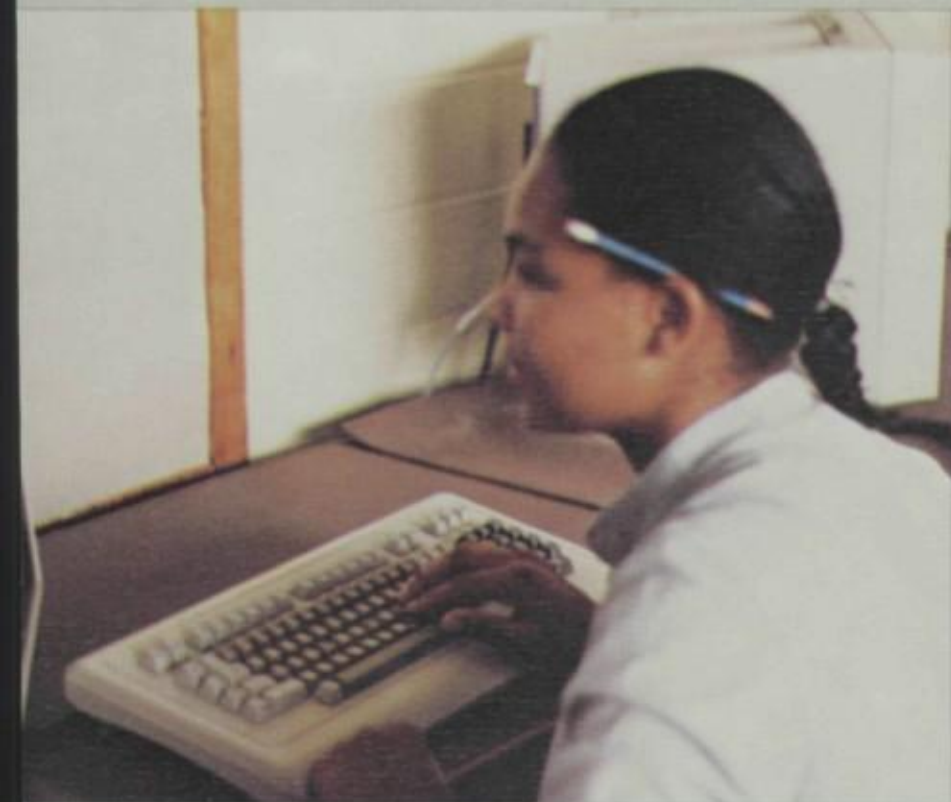

Yes, they have truly arrived.

Whether you are in the Skill Center walking past the field house, near the offices on the first floor, up in the Math Department or working on the newspaper, you'll see computers. High technology has invaded Libbey High School.

SENIORS

Ethaniel Chatman begins his morning at 6:00 a.m. He then catches the bus and arrives at school at 7:15 a.m. He has breakfast, then begins his classes with his skill center class, Industrial Automation Robotics II. He has this block for three hours. After this class he goes to lunch. His schedule continues with American Government, a furniture-making class, and his last hour class is Sociology. In Ethaniel's furniture-making class, he acts as toolroom clerk for the day. His job is to give people the tools for the week. Ethaniel is a linebacker on the varsity football team and is involved in other activities.

Ethaniel Chatman in Industrial Robotics II

Waking up at 6:00 a.m., Brenda Bumpus starts her day. She arrives at school at 7:50 a.m. Brenda's class schedule includes German IV, Physics Honors, Senior Math, and American Government. After lunch, Brenda goes to English IV Honors and her last class is Lifetime Sports.

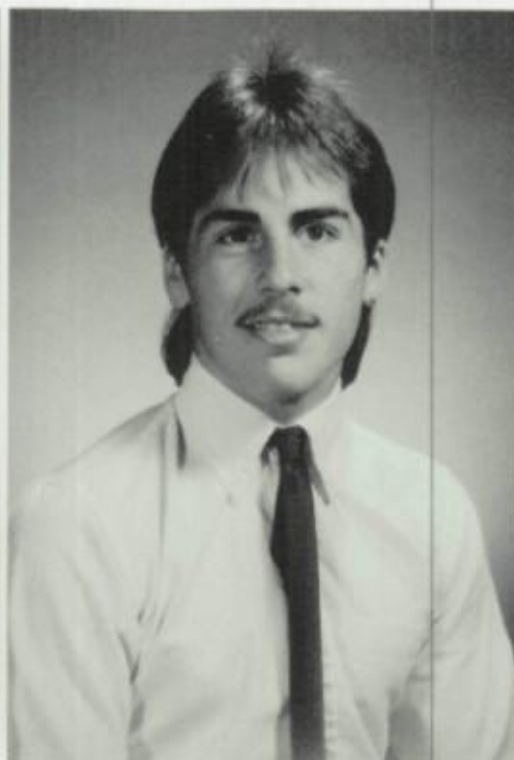

After a busy day at school, she goes to basketball practice. Brenda is one of the top players on the girls' varsity basketball team. Getting home late, Brenda still does her homework. Brenda is a member of the National Honor Society.

JUNIORS

Sheriece Davis

Sheriece Davis, a junior, starts her day with school. Her classes include American History, English III, Living Today II (Home Economics), and Photography. Sheriece says she enjoys photography and it is her favorite subject.

After school Sheriece goes to work at Chi-Chi's on Talmadge Road as a line cook. When that work is done more seems to follow...Homework! Sheriece has played basketball for three years, for two of which she was a member of the varsity team.

After high school she plans to attend U.C.L.A. and get a degree in Business Administration. She says "I'm ready to graduate!"

Sheriece Davis watches Greg Walton as he practices his photography skill.

SOPHOMORES

Keith Johnson

Sophomore, Keith Johnson, starts a school day by waking up at 6:00 a.m. and taking the TARTA bus, which brings him to school. Keith enjoys school, especially his English class.

After school, Keith gets prepared for basketball practice. He also enjoys running Cross Country and Track for Libbey. When practice is over, Keith goes home for dinner. He lives with his mother and two sisters.

In his spare time, Keith enjoys running, playing basketball, and just plain hanging out. He likes to talk to girls and rap on the microphone. His favorite T.V. show is Miami Vice. Keith plans to further his education and become an electrical engineer in the future.

Trisha Fench

Trisha Fench gets up at 6:00, and the first thing she does is curl her hair. She is able to get to school by riding the TARTA bus. Her favorite subject and teacher are math and Mrs. Scott.

Trisha participates in many activities including the Afro-American Club, basketball, volleyball, track, cross country, and bowling. These activities help her maintain her grades.

After school she goes to basketball practice. In her spare time, Trisha talks to her friends on the phone.

FRESHMAN

Erickka Jones

Erickka Jones gets up early and walks to school every morning. Her school schedule includes Geography, History, Algebra, Choir, Biology, and English. After school she stays to practice Basketball. Erickka feels that basketball does affect her school work a little but she does her best for both. Erickka lives with her mother, Sarah, and her brother, Darryin, who is a sophomore here at Libbey. In her spare time Erickka listens to music by Whitney Houston, New Edition, Wham, and Ready for the World. She also likes to talk on the phone and read.

Erickka was Freshman Attendant and said "It was a great way to meet new people and get involved in school activities." Her plans for the future include being a model and possibly a singer. She would like to travel to California, New York and Africa.

THE GODMOTHER of LIBBEY

When Mrs. Ryan graduated from Libbey High School in 1940, she was very excited about being out of high school and being able to make her own decisions. Mrs. Ryan had been away from Libbey High School for 21 years. During that time, she adopted a boy named Jim. When Mrs. Ryan came back to work at Libbey, Jim was 5 years old, and he helped chaperone at basketball games.

This is Mrs. Ryan's 25th year at Libbey. During her first 9 years she worked in room 109.

Over the past 25 years, Mrs. Ryan has worked with six different principals, and has gotten to know almost all the students. She speaks highly on how well the racial mixture works together on different projects and in different situations. "The Libbey faculty gets along better than any other faculty I know of" says Mrs. Ryan. "That's why I really enjoy being a part of the Libbey Faculty."

When asked how the kids of today differ from the students of yesterday, Mrs. Ryan answered "students of

today are more open, it's hard to generalize but students today are more effective and are allowed to get more involved with their surroundings."

Mrs. Ryan's specific job title is Head Clerk, and her duty is to see that all secretarial areas are running smoothly and efficiently.

As of January, 1986, Mrs. Ryan will be retired. She plans to spend a few weeks in California and Florida, with friends, and to help her brother with his business, then do volunteer work for her church and the hospital. "I plan to enjoy spending time with my family and friends."

Mrs. Ryan says she's going to really miss all of the daily activities, and all of the Libbey people more than she cares to think about. She's also going to miss hearing all about the students' problems and their good times. By listening to and counseling students, she has become known as **THE GODMOTHER OF LIBBEY.**

Mrs. Ryan will be missed, and we wish her the best in her retirement.

SPORTS OUTSTANDING ATHLETES

James Ullis

This year Libbey was fortunate to have two of its best ever cross country runners. The first of the two is James Ullis. James made first team all city, all district, all regional and advanced into state competition and finished 67th out of 186 runners. Throughout the year James received medals and trophies for his achievements in meets. The second of the two is Wayne Oliver. Wayne made second team all city, first team all district, and all regional, and advanced into state competition and finished 124 out of 186 runners. Throughout the year, Wayne received medals and trophies for his achievements in meets. Enough friends to give you comfort,
Enough faith and courage in yourself, your
business, and your country to banish
depression,
Enough wealth to meet your needs,
Enough determination to make each day a
better day than yesterday.

LIFE BEFORE LIBBEY

There is "Life Before Libbey." Did you ever wonder what your teachers did before they came to Libbey? In a recent survey it was discovered that some of Libbey's faculty participated in some very interesting activities. Two of the most intriguing are Mr. Donald Henry (languages) and Mr. Spencer Cunningham (photography).

Mr. Henry is a master of languages. He speaks German, French, Russian, Hungarian and is now studying Polish. His education includes: the U.S. Army Language School in California; B.A. from Indiana University; A.A. from Northwest Missouri State University; M.A. from University of Notre Dame. He also attended L'Université Catholique De L'Ouest in Angers, France and Johann Wolfgang Von Goethe Universitat in Frankfurt. Mr. Henry recently married Mary Ann Brzuchalski, and they honeymooned in Paris and northern France.

Mr. Cunningham was employed by the State Highway Department, Libbey Owens Ford, and in a camera store. He has also worked as a campus life director, student minister, and he did free lance work in motion pictures and photography. Mr. Cunningham attended Adrian College, Moody Bible Institute, Bluffton College, and the Ohio State University. In addition to a variety of jobs and schools, Mr. Cunningham has had other interesting experiences. He and his wife spent two summers touring Europe on a motorcycle, and he was also nearly killed in a canoe accident in Canada. There is, likewise, a controversial side to Mr. Cunningham. He walked to New Jersey with FLOC and was arrested and tried in an antinuclear weapons demonstration in Colorado.

Mrs. Jaqueline Sloan was a secretary at the University of Toledo in the Engineering Physics Office.

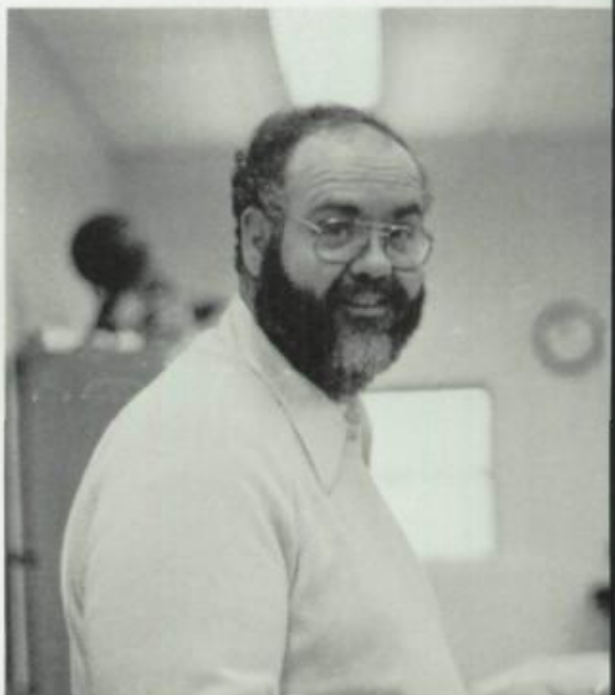

Mr. Dave Bourland worked as a petroleum geologist in Dallas, Texas.

Mr. & Mrs. Donald Henry

Mrs. Clotee McGee was raised on a farm and worked in a cotton field in Tennessee.

Mr. Keith Huizenga worked as a trash collector and a grave digger.

Mr. Spencer Cunningham and Bennie O'Neal, John Hainston, Tremont Fields and Derric Gallaway.

Mr. Fred Wesolowski worked as a recreation instructor at Michigan Girls' Reformatory in Adrian, Michigan.

Mrs. Wilma Hoch coached a gymnastic team in Columbus and taught at Capitol University.

Mr. Dave Merritt worked in concrete construction, sales, and as an assistant to a tool and die maker. He is pictured with his class: Willie Besancon, Carol Watkins, Cinnamon Frieson, Ramas Morrison, and Danita Butts.

Mrs. Barbara DeMars was a teller at Toledo Trust.

Angie Garza

Katrina Hood and OEA students performing a skit at Region 6 Convention.

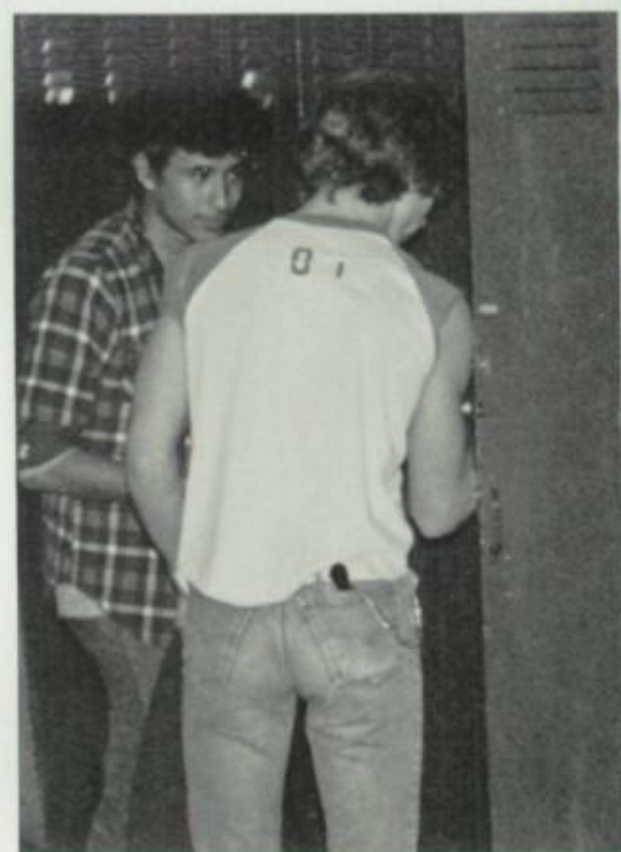

FAMILIAR FACES? Mr. Henry, Miss McDonald, and Mr. Merritt.
